[Investigation Nos. 701-TA-562 and 731-TA-1329 (Review)]

Ammonium Sulfate from China

DETERMINATION

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing and antidumping duty orders on ammonium sulfate from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

BACKGROUND

The Commission instituted these reviews on February 1, 2022 (87 FR 5503) and determined on May 9, 2022, that it would conduct full reviews (87 FR 29878, May 17, 2022). Notice of the scheduling of the Commission’s reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the *Federal Register* on August 3, 2022 (87 FR 47463). Since no party to the reviews requested a hearing, the public hearing in connection with the reviews, originally scheduled for December 6, 2022, was cancelled (87 FR 79352, December 27, 2022).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on February 8, 2022. The views of the Commission are contained in USITC Publication 5402 (February 2023), entitled
